3. Approval of Minutes from last meeting - passes
4. Agenda topics

- Dog Park beautification: South side of the dog park has a PG&E gas line. We want to have Rich Ortiz (Parks) there to go over options. Brad needs to have samples of the pipes and valve for Ortiz to approve.
- Ryland pool: Don, Tina went to Rotary Club and presented request for the Bachelder tile restoration. Rotary is interested, wants to be involved, would like to have their name on the plaque. The pool is approved as a candidate for City Landmark. Tina to explore what needs to be done to make it officially a landmark. There is a plan to have the tiles preserved visa vis “reversability” so that if the ADA-required ramp ever comes down, the tiles will be preserved.
- Traffic calming: There are challenges. Met with Sam to see if we can get a 4-way stop on Hawthorne; possibility to get a “choker” to slow down traffic. Laura Wells (Dept. Trans) will have something for us at the Nov. 7 meeting. Willow Glen will take our speed lumps, we are back at square 1.
- Train Museum: Tina has not sent the approval-with-caveats letter yet.
- Halloween Event: Saturday at 1PM. Zanotto’s is donating pumpkins, treats.
